Safety, Quality & Environmental Policy

HSS Hire Ireland is a leading provider in an extensive range of tools and equipment available for hire, with locations in Dublin, Portarlinton, Cork, Waterford, Limerick and Galway. We support construction, commercial and domestic clients. We also provide training in our IPAF accredited training centres.

As part of our commitment to safety, quality, and the environment, our management system is built around and integrates the requirements of ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018.

HSS Ireland is committed to:

- Eliminating hazards and reducing risks
- Consultation and participation by staff in health and safety
- Identifying and complying with all relevant legislation
- Fulfilment of legal and other compliance requirements including those issued by customer, local and statutory authorities
- Continual improvement in quality, OH&S, environmental performance
- The prevention of injury and ill-health
- The protection of the environment, prevention of pollution and reducing our impact on the environment, and
- Compliance with the requirements of ISO 9001, ISO 14001, and ISO 45001.

We regularly monitor and measure our performance in safety, quality, and environmental management to ensure compliance with our policies and achievement of objectives.

This policy is available to all interested parties including employees, contractors and members of the public on request, and is reviewed annually by senior management.

Signed: 

Date: 11/03/2026

Billy Browne, Managing Director
